We Created the Social Security Advisor Certification Education Industry in 2013.

The NSSA[®] mission is simple — educate advisors about Social Security, thereby increasing their value to clients. The NSSA[®] Certificate program begins where other programs end like RICP[®] and CFP[®]. We focus solely on Social Security education, with a concentration on **Situational Social Security** and asking probing Social Security questions to increase client benefits—incorporating real-world client and advisor experiences. Our **support** represents the **gold standard** and includes questions and webinars. Register at www.premiernssa.com.
